

Performance Electronics becomes Title Sponsor of the Inaugural 600cc Non-Wing World Championship.

Peru, Indiana (March 5, 2018) – Performance Electronics, an engineering company specializing in the design and manufacture of embedded electronic control systems for use in various industries will serve as the title sponsor of the Inaugural 600cc Non-Wing World Championship. The Performance Electronics 600cc Non-Wing World Championship boasts an incredible \$40,000 purse to be spread amongst the four-day event being held at Circus City Speedway in Peru, Indiana.

Performance Electronics' involvement will play a significant role in increasing awareness of the event to a wide audience of performance enthusiasts. In addition, participants and patrons of the event will benefit from the Performance Electronics team, who will be on hand highlighting new products and offering tech support to new and existing customers.

“We are excited to partner with Performance Electronics and their entire team,” said Circus City Speedway track promoter Curt Bullick. “The opportunity to elevate this event to the next level with a company who designs, builds, and offers technical support right here in the USA is an exact fit for us.” “We are truly honored to be working with such a great company.”

The Performance Electronics 600cc Non-Wing World Championship takes place May 23-26 at Circus City Speedway in Peru, Indiana. Additional information on the Performance Electronics 600cc Non-Wing World Championship is available online at www.CircusCitySpeedway.com.
