Position: Electronics Manufacturing Technician (Cincinnati, OH)

Description: Entry-level, full-time position in light manufacturing. The Electronics Manufacturing Technician participates in required tasks for testing and final assembly of electronic systems. This is a full-time, salaried position. Annual salary is commensurate with qualifications and experience level, but starts at $19.50/hr minimum equivalent. Work hours are 7:00 AM – 4:00 PM, M-F, with the willingness to work additional hours if production schedule requires.

Company Description: Performance Electronics, Ltd (PE) is an engineering company specializing in the design and manufacture of embedded electronic control systems for various industries, but with a strong application in internal combustion engine controls.

Position Requirements:

- A high school diploma or GED, at minimum. Associate degree or other continuing education, particularly in Electrical Technology or equivalent technical field, is a plus.
- Prior work experience in manufacturing &/or electronics.
- Basic computer skills including the use of Microsoft 365 products (Outlook, Word, Excel, Teams).
- Ability to organize and manage multiple priorities.
- Meticulous attention to detail.
- Ability to work effectively and efficiently under delivery deadlines.
- A positive attitude, exemplary attendance and being a reliable team player.
- IPC certifications are a plus.

Job Duties:

- Load firmware onto electronic circuit boards.
- Operate custom test rigs to verify electronics are functioning correctly.
- Hand assemble the final product to drawing specifications using basic equipment like hand tools.
- Receive vendor inventory and complete receiving checkout procedures.
- Identify and troubleshoot product quality issues and assist with non-conformance tracking.
- Effectively learn and retain key work procedures. Update and enhance documentation when required.
- Demonstrate accuracy and neatness in your work and take responsibility for the quality of your work.
- Complete other general technical and production work, and general facilities responsibilities as assigned.
- Core responsibilities are subject to change in the future.

Benefits:

- Eligible for health benefits on the 1st day of the new month following hire date.
- Medical, dental, life insurance ($50k), long term disability, vacation.
- 401k eligible the 1st day of the quarter after completion of 3 months of service. 401k includes company match.
- Opportunity to complete industry certifications and training programs at no cost.
